DEATH OF W. H. BUMP.

THE END COMES THIS MORNING AFTER TWO WEEKS ILLNESS.

Special to the Gazette.

EVANSVILLE, March 23—William H. Bump of the town of Magnolia, died at his home at 5 o'clock this morning after two weeks illness. Mr. Bump was fifty-three years of age and for the past thirty years had resided in Rock county. He was well known in Janesville, being a brother of Hiram and N. P. Bump.

KEEP YOUR EYES OPEN.

COUNTERFEITS ARE ONCE MORE BEGINNING TO FLAT.

A new counterfeit dollar made of brass with a thin coating of silver electro plate has made its appearance in adjoining towns. The spurious coin is a very good imitation and liable to deceive the unwary. It rings very much like the genuine coin, only a little sharper. It has the appearance of having been carried in countless pockets and the stars and the figure of liberty look worn, but the date, "1861," is sharply cut and fails to carry out the impression. The depressed portions of the two sides are off color looking blue beside a genuine coin. Very inferior counterfeit half and quarter dollars have also been discovered in circulation. They are light weight, do not ring, have a dull, leaden color, and ought not to deceive any one.

ACCIDENTALLY DROWNED.

The remains were taken to his home in Johnston last evening, and funeral services were held to-day. The interment took place in Whitewater.

THE MINER LICENSE BILL.

Why The Bill was Indefinitely Postponed in the Assembly.

sembly.

Mr. Miner's Statement of the Principal Facts in the Case.

Yesterday afternoon the Gazette received the following letter from Assemblyman Miner. The letter reached the office too late for a place in last evening's Gazette. Mr. Miner truthfully explains the matter, and while a large majority of the republicans of the city, as well as many democrats, are of the opinion that the reasons should be removed from the council chamber—whether it be to the mayor's office, the municipal judge or to a commission—they will cordially approve of Mr. Miner's course at this time. Here is the letter.

WISCONSIN LEGISLATURE, ASSEMBLY CHAMBER, MADISON, March 22, '99.

To the Editor,

Prompted by an honest conviction that a change in our present system of granting licenses would be an improvement over the one so long in vogue, and receiving the hearty endorsement of very many of our citizens irrespective of party, I introduced a bill providing for the change.

Yesterday afternoon I received the enclosed letter:

CITY OF JANESVILLE, March 21, 1899.

Hon. Cyrus Miner:

DEAR SIR—Having considered the matter of granting licenses by this city, or the judge thereof, I have come to the conclusion, that so long as I hold the judgeship, I cannot consent to grant licenses and I notify you I shall announce to the public of Janesville my determination.

Yours truly,

H. A. PATTERSON.

This is the first knowledge I had that our esteemed municipal judge was unconditionally opposed to the measure. Had he so fully expressed his feelings at the several interviews had with him, the bill would not have been introduced. Having no desire, nor ambition to assume the responsibility for a condition of affairs that would necessarily follow, should the bill become a law, I requested the committee to whom the bill was referred, to report it back with the recommendation that it be indefinitely postponed. Yours truly,

CYRUS MINER.

YOUNG MEN WORK WELL.

SOMETHING REGARDING THESE IN THE LOCAL MARKETS.

"While speaking of young men," says the Janesville correspondent of the Tobacco Reporter, "let me say that nearly all the Janesville dealers have seen less than forty hoary winters and emerald summers. Henry S. Elder and J. B. Dearborn, two of our youngest dealers, are coming to the front in good shape as leaf dealers. With them in the list may be mentioned Charles and William Conrad, J. Decker, A. N. Jones, J. B. Dearborn, F. S. Baines, B. H. Heddies, T. E. Sawyer, F. C. Greene, H. M. Keller, F. J. Collman, Norm Carle, S. Soverhill, S. Grundy, E. W. Golden and Robert Erler, all of whom have been active the present winter. They are energetic and good business men, and when the present season's picking is ended it will be found that our young men have no dyes or dust upon them, neither do they let anything green sprout under their pedal extremities.

"It is with pleasure we also note the business prosperity of Perry E. Frink who started the first of the present year as a cigar manufacturer, employing two persons and has increased to four cigar makers and cannot get ahead of orders. Perry makes a cigar that will titillate one's palate and is a life-giving organ in such a manner as to make life a blissful dream.

"When lovely women stoops to folly, and goes out in snow without her India rubbers, the only art to cure her cold is to buy one bottle of Dr. Bull's Cough Syrup at 25 cents, and take it.

"Speak this speech, as I tell you, trippingly on the tongue." Say that one of the great benefactors of the age is a small bottle of Salvation Oil, the greatest cure on earth for pain. Only 25 cents.

MASONIC NOTICE.

At the next regular communication of Janesville Lodge No. 55 A. F. and A. M., Monday evening, March 25. There will be work on the M. M. D. The craft cordially invited.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 33 degrees above zero. Clear, with north wind. At one o'clock p. m. the register was 62 degrees above zero. Clear with west wind. For the corresponding hours one year ago the register was 13 and 33 degrees above zero.

CATARRH CURED.

A clergyman, after years of suffering from that loathsome disease Catarrh, and vainly trying every known remedy at last found a recipe which completely cured and saved him from death. Any sufferer from this dreaded disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York city, will receive the recipe free of charge.

NOT A CANDIDATE.

With thanks to the oyezologist, friend (?) who named me, in your issue of yesterday, as one of the candidates for school commissioner for the first ward, permit me to state that I am not a candidate for any ward office.

Interested People,

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for coughs and colds does indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and \$1.00. We certainly would advise a trial. It may save you from consumption.

NEWSPAPERS IN 1897.

From the edition of Geo. P. Rowell & Co.'s "American Newspaper Directory," published April first (its twenty-first year) it appears that the newspapers and periodicals of all kinds issued in the United States and Canada now number 17,107, showing a gain of 797 during the last twelve months, and of 7,882 in ten years.
